## QUICKCLEAN™ ULTRASONIC CLEANER

### POWERFUL CLEANING—CONSISTENT RESULTS

Providing powerful, effective cleaning and consistent results, the QuickClean™ Ultrasonic Cleaner is a piece of equipment your medical office can't afford to be without. Its cutting-edge technology can help you create a safer, more efficient work environment by decreasing worker exposure to contaminants and potential sharps injuries while reducing the time and effort needed for cleaning.

## LEAP

#### POWERFUL TECHNOLOGY

The QuickClean™ unit cleans thoroughly and consistently throughout the entire bath using Frequency-Leap technology. This advanced software helps ensure all of your instruments are fully cleaned the first time, every time, no matter where they are placed in the basket.

#### SIMPLE TO OPERATE

The QuickClean™ is easy to use right out of the box, so you can get your staff up and running with minimal training time. Features like a digital LCD control panel that displays prompts, options for preset or customized settings, intelligent software that remembers the last cycle settings, and a fluid sensor that ensures the bath always has sufficient water levels help simplify your processes and increase productivity.

#### RANGE OF SIZES AND DESIGN OPTIONS

The QuickClean™ comes in three tabletop sizes (1.2, 3.3 and 6.6 gal.) and two recessed options (3.3 and 6.6 gal.), so you can choose the option that best fits your configuration and workflow. And the stainless steel finish and attractive design coordinates well with any décor.
